

Dolly Goodpuppy Society presents:

June 28, 2008

9:00 AM - 5:00 PM

Jerry Hope (www.k9fixer.com)

Seminar Description- *Developing Superstar Dogs-*

This seminar is designed for breeders, future puppy owners, and trainers who are interested in preventing many common behavior issues in dogs. This enlightening and informative workshop will weave lecture, video footage and still photographs into a seamless view of the first twelve weeks in the life of a puppy.

Topics will include:

- Understanding the critical periods
- How Imprinting works
- The imprinting phases
- What to look for in a breeder
- What to look for in a puppy home
- Screening breeders/homes
- Whelping box designs

**\$50 donation.
Limited seating, so
reserve early!**

**Approved by CCPDT for
6.5 CEUs**

August 2, 2008

9:00 AM – 5:00 PM

Nicole Wilde

Seminar Description- *Helping Fearful Dogs-*

Many dog owners, shelter/rescue workers, trainers, and other canine professionals find anxiety, fears and phobias to be among the most challenging behaviors to treat. This information-packed workshop combines lecture, photographs and extensive video footage into an exploration of the art of working with fearful dogs, with some overlap into fear-based aggression.

Topics include:

- Causes and prevention
- How fear manifests
- Recognized and lesser-known stress signals
- How to work with fearful dogs in the home
- Suggestions for group classes
- A Firm Foundation program on which dogs can build confidence
- Skills owners should know
- Skills to teach dogs
- What training equipment is (and is not!) appropriate

**\$100 donation.
Limited seating, so
reserve early!**

**Approved by CCPDT for
6.5 CEUs**

Interactive exercises include participation in solving a fear-related case history. You will also get an overview of how complementary therapies can make your treatment plans even more successful.
